A LETTER TO PARENTS & GUARDIANS

PARENT HUB

Every parent deserves peace of mind.

Dear Parent or Guardian,

Choosing where your child lives while they study is one of the biggest decisions you will make together. At Oasis Student Living, we give your child a safe, comfortable and supportive place to live, so they can focus on their studies and grow academically, socially and personally — and you can rest easy knowing they are looked after.

WHAT PARENTS CAN EXPECT

When your child lives with us, here is what you can count on:

1. **Safety & security comes first**
   24/7 monitoring, CCTV, controlled access and staff on site — with campus close by.
2. **A comfortable place to call home**
   Fully furnished rooms with practical layouts, plus shared spaces to relax and socialise.
3. **A supportive community**
   An approachable management team and regular events help your child settle in and feel they belong.
4. **Clear, affordable costs**
   Utilities, Wi-Fi and laundry are included — no hidden extras, and NSFAS-funded students are welcome.
5. **Support for study & wellbeing**
   Dedicated study spaces and access to mental-health and wellness resources.
6. **High health & safety standards**
   Regular cleaning and clear procedures keep the building a healthy place to live.
